

LightHouse has been in the entertainment and events industry for over 25 years bestowing upon us an immeasurable advantage over our competitors. We have organized events ranging from major concerts such as Sasha Lopez, Shaggy: Live in Colombo, and TNL Onstage, to mega-shows such as the annual Miss Sri-Lanka pageant and the Derana City of Dance. And our repertoire doesn't end here, for we have been entrusted with various blue-chip corporate launches and events, including the launch of Etisalat in Sri-Lanka, the Audi launch, the annual Sri-Lanka Cricket awards, the Caltex awards, the annual MAS parties, just to name a few. The state-sector has shown its confidence in us by entrusting us with its showcase events, including most notably the CHOGM and other such Commonwealth events, along with gala events for the Sri-Lanka Navy. Moreover, we bring these capabilities honed by our extensive experience in organising such large-scale events to your private events. From weddings to birthday parties, we can make your special event one to remember.

We are fully equipped with an in-house events team along with sounds, lights, stage, screen, design and many more facilities and services that will make your event spectacular.

Let's take a tour to learn more about us...

WHAT WE DO

PRODUCING QUALITY EVENTS TAKES TIME AND PROFESSIONAL EXPERTISE, which is why we have a talented team of experts who will work closely with you to take your event from concept to reality, providing the guidance and logistical support needed to ensure your event is an outstanding success.

From building a road through a muddy field to a corporate marquee. From liaising with the local council for an unusual fundraising event in the town centre or organising security for a keynote speaker to even finding you caterers, bands, dancers or even that rare centre piece for your décor. Yes, we can do it all for you!

**“BIG OR SMALL,
we love every job we do
and there isn't one we can't do”**

HOW WE DO IT

IT'S ALL ABOUT YOU. We never, ever forget that it's your event. Whatever your objectives, Lighthouse has the skill to deliver an innovative, high-value event that will deliver a lasting and positive impact.

We are not run-of-the-mill event managers. We are "THE Event People in Sri Lanka". We are a respected business whose success has been honed by over 15 years of experience in delivering a full spectrum of especially tailored events for our array of valued clients

"We know how to impress your guests"

**"We've done it all before
and we would take pride in doing it all again"**

OUR EXPERTISE AND ADVANTAGE

We have a talented events team that will ensure that your event is a success by walking you through every step of the planning and execution process.

You can expect a friendly, relaxed relationship with our team, who will work tirelessly towards the aims and objectives of your event.

Our distinctive advantage over other event companies is that we are one of the few companies who provide the core elements of event management—lights, sound equipment, stage, screens and graphic design—entirely in-house. Thus enabling us to manage and minimise their otherwise prohibitive cost.

“Bringing relevant content and the right people to the event is something that only you can do - let us do the rest”

“SCINTILLATING SRI LANKA FOR 15 YEARS”

PAST EVENTS

We have engineered over 300 events and have been behind the scenes making sure the event runs as smoothly as possible with a touch of glamour and class. We have organised major events in the past and are equipped to handle events of any magnitude.

Some of our major events include:

CHOGM
The Youth Conference 2014
ICAPP Conference
State visit of his Holiness the Pope

CORPORATE EVENTS

Whether it's an up-close-and-personal client meeting or a major corporate launch, we know how to make an event special. Our approach is to be there when needed. Want us to engineer the entire project? Great. We'd be happy to from sending out the invitations to arranging the last limousine home. Just require us to step in occasionally? No problem. We have teams of specialists who can provide precisely what you need, from organising transport to supplying stages, sounds, visuals, marquees, barmen, florists, ice-sculptures, fireworks and many more such services.

ENTERTAINMENT EVENTS

How do we know we're good at what we do? Because other event companies keep asking us to work with them.

We are one of the only companies in Sri Lanka that have Lights, sounds, stage and screens, all four major elements. We do it all in-house therefore we are in control of all the major elements of the event and as an added benefit it also keeps the costs down for our clients. We employ some of the best staff in the business.

WEDDINGS

PRIVATE EVENTS

We know that it's not just glitz and glamour that impress, but the little things too. So we've put together a specialist events team that will make your private event a truly memorable one by working closely with the most renowned caterers, incredibly creative florists, inspired set designers and most popular rip-roaring bands.

“Sit back, relax, we’ve got this...”

RENTALS

WE AT the Lighthouse Rental & Staging Division live by the credo—"You only get one opportunity to make a first impression". We know just how important getting it spectacularly right and impeccably perfect the very first time around is. This is why over the last 15 years we have committed ourselves to procuring for you, our valued clients, only the very best in cutting-edge world-class equipment. But of course, equipment is only half the battle when it comes to conceiving and executing a spectacular and unforgettable event. What really brings an event to life is the people—people with passion, expertise and experience—and this perfectly describes our specialist team of professionals. Whether your extravaganza is a product launch or a wedding, a concert or a conference—trust Lighthouse Rental & Staging, put your mind at ease, focus on your guests, we'll take care of the rest.

**“EVERYONE ELSE MANAGES NOISE,
WE ENGINEER ACOUSTICS”**

SOUNDS

THE JARRING whoop of mics too close to speakers, crackling static, testing-testing-testing-1-2-3 in the middle of speeches, deafening silence just before you pitch that perfect note! We all know, we've all heard, the racket of amateur sound mismanagement thudding our ear drums and seen the embarrassed faces of organisers as they frantically scurry about trying to sort out a problem well beyond their expertise. This doesn't have to be you! Sound

management is a science, hence it follows that it is best left to the experts—acoustic engineers. And you won't find a better, more hard-working team of acoustic engineers in Sri-Lanka than our Lighthouse team. Crystal clear clarity, seamless transitions, neat almost invisible set-up is our guarantee to you every single time; and it is this which has made us the largest pro-audio hire company in Sri-Lanka.

“PUTTING YOU IN THE LIMELIGHT”

LIGHTING

IN THE right lighting anyone can be a star and any event an extravaganza. But right lighting can never come about by accident and hardly ever by chance. Just like with sound, perfect lighting is a complex science. And just like with sound, we have a team of experts at the ready to engineer a holistic and elegant bespoke lighting solution for your all-important event. Switching, fading in, fading out, spot-lighting, kaleidoscopic colours or relaxing ambient lighting, everything we do casts you in the best possible light.

STAGE AND RIGGING

THE MISHAPS and disasters on Sri-Lankan stages unfortunately have been many; and even where the tragic is avoided, setting up stages is often messy and inefficient. As with everything else to do with events, we are well-versed with the ins and outs of assembling and disassembling stages in the most timely and unobtrusive manner. What's more, we are versatile. From stages for concerts to runways for catwalks, to constructions for bowling alleys or to cover swimming pools, we can make them almost magically (and safely) appear and disappear.

AS EVERYONE in the construction business knows safe and durable rigging is an absolute essential to do a solid job. Whilst heavy lifting equipment can be expensive and difficult to store and maintain. We certify that all of our rentals will be in optimum working condition when you receive them. Keep in mind that equipment which is not constantly utilised and maintained deteriorates reducing efficiency and compromising the safety of your customers, employees and third-parties. Moreover, it takes specialist knowledge and dedicated resources to properly maintain rigging and heavy lifting equipment. Thus, in both these areas, Lighthouse can save your business precious time and money which can be better spent on delivering your core competencies. A final word about our equipment and maintenance practices. We only own and utilise industry leading world-class brands which, to reiterate the point made above, we meticulously maintain according to each manufacturer's exacting standards.

SCREENS AND LED WALLS

IN A world, and for an audience grown accustomed to communication via visual media, our screens and LED walls can be indispensable in getting your message across. Whether your aim is to enthrall or educate, capture the attention of your audience, and most importantly—hold it. Just like all the rest of our equipment, our screens and LED walls represent the state-of-the-art in modern technology; and so, whether in the brightest sunshine or greyest gloom, your event will bedazzle the eyes of your audience.
